Entry

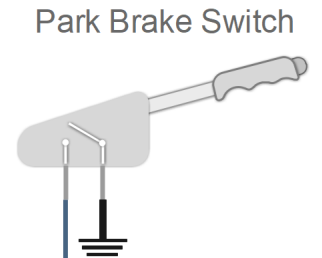

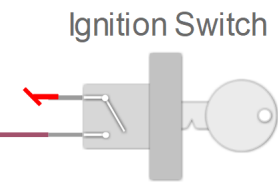

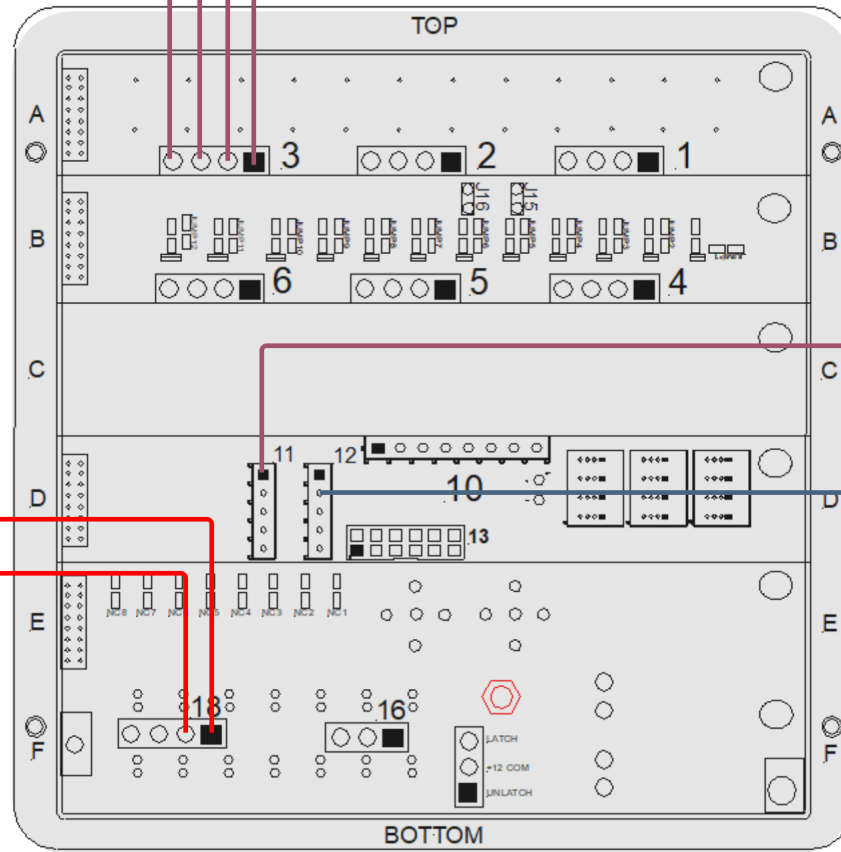

If a switch or module has the symbol above near it, it means that switch or module communicates via RF.

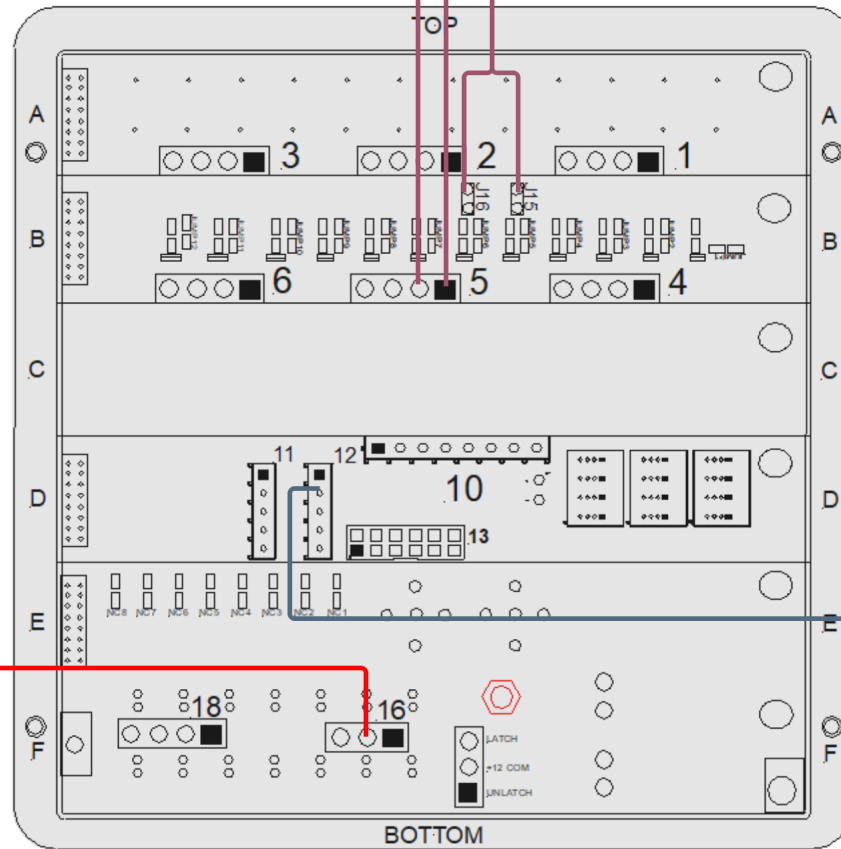

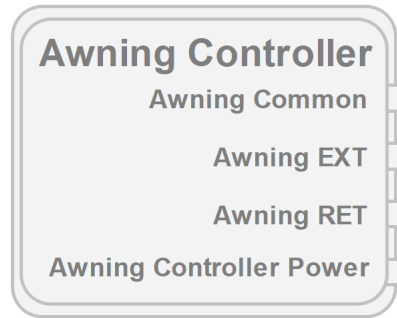

# 2021 Tiffin Wayfarer Slide System (Components not to scale)

Park brake and ignition must be on for slides to operate.  
In case of a system failure, use manual overrides on front of G6 Chassis panel to operate slides. Engage overrides using a pen or other pointed object.

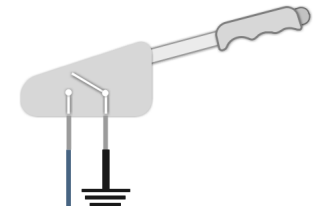

2021 Tiffin Wayfarer  
Awning System  
(Components not to scale)

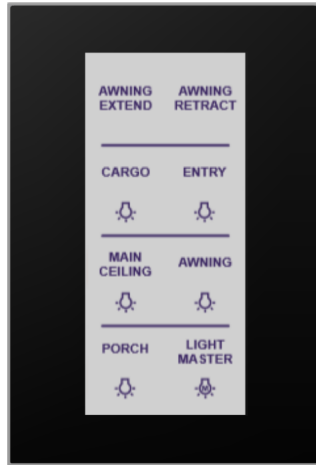

Park brake must be on for  
Awnings to operate.
